The Honorable Kay Granger
Ranking Member
House Committee on Appropriations
1036 Longworth House Office Building
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Neighborhood Air Quality Pilot Project in fiscal year 2022.

The entity to receive funding for this project is City of Dallas, located at 1500 Marilla St. Dallas, TX 75201

The funding would be used to deploy non-regulatory air quality monitoring equipment in up to ten neighborhoods and a mobile air sensing unit. Additionally, this funding would help the City of Dallas to monitor local air quality conditions related to potential local disturbances due to industrial permit excursions, addressing strong local neighborhood concerns. Having a mobile air quality sensing unit would allow the City to be able to respond more quickly with the flexibility to provide shorter-term air quality analyses to address local environmental disturbances.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Eddie Bernice Johnson
Member of Congress
